

CITY OF BEAVERCREEK

REQUEST FOR PROPOSALS (RFP) NO. 07-2019

ADDENDUM #1

ISSUE DATE: 10/28/2019

This addendum serves as clarification to the items listed below and shall be part of the original bidding specification and receipt must be acknowledged with all proposal submittals. Any vendor failing to acknowledge receipt of this or any additional addenda will be rejected from the proposal process.

Please forward any additional questions to:

Todd Brandenburg
Public Administrative Services Superintendent
City of Beavercreek
789 Orchard Lane
Beavercreek, OH 45434
937-427-5540
brandenburg@beavercreekohio.gov

Questions regarding debris reduction pay item quantities have been presented and need additional clarification.

The pay quantity for debris reduction will be based upon the volume hauled off-site and verified through a self-monitoring process. To clarify further, the pay quantities for **ITEM A.1** (Vegetative Debris Reduction) and **ITEM A.2** (Haul-out of Reduced Vegetative Debris) will match and be based upon the monitored loads exiting the reduction site.

The approximately 147,731 C.Y. total debris quantity was given as an estimate for bidders to determine the size and magnitude of this project and will not be used as a pay quantity.

Partial payment draws **will not** be paid on debris reduction only. Vendors shall plan accordingly as the only way to determine pay quantities is during the hauling process.
